Falun Group

Falun
Wood Heating Made Simple

One of the most popular heaters in the Euro Fireplaces range, the Falun offers ultra-low wood consumption with an efficient and clean burn. The sleek steel frame can either blend seamlessly into your room with a modern black finish, or become a showpiece with a bold burgundy colour option. For extra thermal mass, heat bank panels can be hidden in the side walls allowing the heater to continue emitting warmth after the fire has gone out.

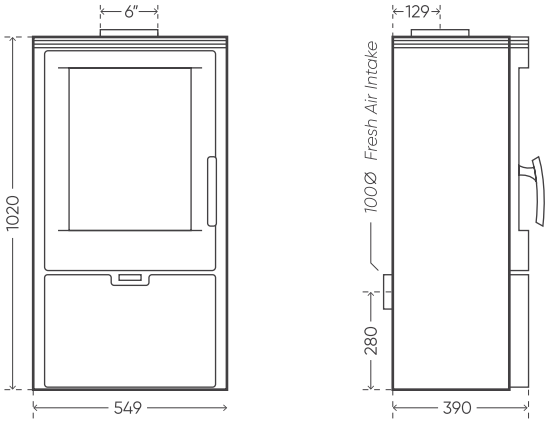

- 33cm Logs
- Optional Heat Bank
- Easy to remove ash tray
- Optional external air intake

Heating Capacity	Up to 240m²
Efficiency	Aus 72% / EU 82%
